

# LEAGUE SETUP INSTRUCTIONS

1. Select League Mode
2. Select Play league (Local or Remote)
3. Select the league (WEDREM) WED 4P REMOTE
4. Select Yes, Both Cameras Work
  - 4a. If both cameras are not working then move to a different board or immediately call (863) 662-8318
5. Choose your team from the list
6. Choose if you're the Home or Away team
7. Choose Opponent Team
8. Choose No, play remote league if you're the only team in the location. If the other team or your team wants to play the match in the same location and both teams are there. Then choose (yes, play local league)
  - 8a. If playing remote league, the board will stop to wait on other team to start their setup. Once they start their setup both boards will continue to the players select screens.
9. Now you can choose subs or change player order.
  - 9a. If a sub is needed, select player to be subbed for and then select the sub from the list or select new sub and enter their **first and last name**. Men start at 18.0 and 2.0, Women start at 16.0 and 1.8
  - 9b. To swap players, highlight and select the first player. Then highlight and select the player they are swapping with.
10. After you select start match, you will be prompted to pay the team fees. This is where you will put the \$40 in the board. After both teams have inserted the money you will choose "Start Game".
